

INTERNSHIP OPPORTUNITIES

Boston • DC • Dayton

Aptima is the market leader in optimizing human performance within complex, mission-critical systems. Aptima, Inc. has internships available for Masters- and Ph.D.-level students interested in working on a variety of applied projects related to human factors, modeling, experimentation, cognitive analysis, decision-making, and training system design.

Minimum Requirements:

- Enrollment in a Masters- or Ph.D.-level program in a relevant area of Experimental Psychology (i.e., Cognitive Science, Experimental Psychology, Industrial-Organizational Psychology, Cognitive Psychology, Human Factors Psychology, or Developmental Psychology, or related field) or Mathematics, Computer Science, Computational/Mathematical Sociology, or a related field.
- U.S. Citizenship

Aptima will not compensate applicants for any travel or relocation expenses to fill this position. All applicants must be willing to work onsite in one of Aptima's office locations (no telecommuting). Qualified candidates should submit a cover letter, resume, and link to online portfolio or electronic copies of work samples to aptima_personnel@aptima.com.
